We, the students of the Publications class, sincerely dedicate this 1954 Chips to our wonderful faculty, who, under the careful leadership of Dr. H. L. Richards, have helped us to be better citizens here, and in the future to take our places in the big circus of life. We owe them a vote of thanks for our continued progress in this wonderful school of ours.

Dedication

Go. I'm the girl that just sits in history. Marian Lenzke

Community High School is the center of attraction within this district—as if it were a big circus with its many acts and features. Within its two buildings there is the skill of great performers . . . . the superintendent . . . . the faculty . . . . the pupils. Our sports activities provide us with some of the greatest and most exciting entertainment. A day at the circus is said to be never forgotten. So let us roam through these pages of this 1954 Chips, reliving every day of the past year as we once did those memorable, unforgettable Circus Days.
